THE SPECULATIVE ERA.

Every revival of industry with its attendant era of prosperity, which has ever been experienced by the country has been followed closely by a period of wild speculation. "To Do Ill Costs More

Than To Do Well."

This "wise saw" might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength.

Why make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health.

My heart and nerves were badly affected, but am now strong and hearty, doing all my housework. I have been a walking adver-tisement for Hood's among my neighbors." Mas. Mary M. Rheumatism - Rheumatism is a disease of the blood, and the acid must be neutralized to effect a cure. "I was troubled with rheumatism so badly that I could not walk. Hood's Sarsaparilla cured me." Mas. MITCHELL McDERMOTT, Southbridge, Mass.

Eczema - "My daughter had eczema and it affected her eyes. The doctor said it was incurable. Her skin is now smooth and white and all on account of Hood's Sarsiparilla. Charges to Be Filed Against Prominent Ministers.

Hood's Sarsaparilla saved prominent Methodist ministers of the state-Dr. E. L. Thorpe of the First M. E. church and Dr. A. S. Embree of the North Topeka Methodist church,

Both the congregation of the First church and that of the North Topeka church have voted to ask for the return of the pastors by the conference. There was a division in the official board of the First M. E. church over the question but the board voted to ask for the return of Dr. Thorpe by a large majority. There was no opposition in the official board of the North Topeka church to the recall of Dr. Embree.

Mayor Fellows who has been a member of the First M. E. church for years has withdrawn and other members are preparing to withdraw and the mem-bership is greatly excited. The charges against Dr. Thorpe are not so extensive. They cover but two or three points, the principal one being "falsehood." They are in the possession of R. B. have been taken during the past week to sustain the charges.

Mayor Fellows' letter withdrawing from the First M. E. church is as follows:
Dr. E. L. Thorpe and the Official Board
of the First M. E. Church, Topeka,

Kansas.

Gentlemen: Having failed to contribute to the support of the First Methodist church for the conference year end-ing March 1, 1899, and believing that all should contribute according to their ability, and having been called upon to

subscribe at numerous occasions, I feel it due you, as well as myself, that I state why I refuse to contribute. London special says:

It is announced from Vienna that the wife of Rigo, the gypsy musician who eloped with Princess Chimay, has been granted a decree of divorce.

Rigo and the ex-princess are now in Cairo, appearing in the Grand Cafe Chantant.

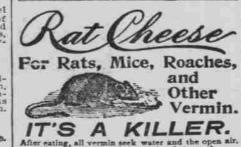

I have tried in good faith to attend the preaching services of the First M.

E. church, but found such attendance neither entertaining nor edifying. At the close of each preaching service I found myself disgusted and in a very disagreeable frame of mind. The entire service impressed me as a huge joke; that the preacher was not sincere.

About this time I discovered that Dr.

About this time I discovered that Dr. E. L. sympathize with his brother in his dis-tress and by words and deeds help him regain what he had lost, instead of saying, "Dr. Embree, you helped me to secure this place; you are now in trouble, I will help you. I wish to exchange pulpits with you occasionally; I wish the public to know that I am not afraid to be counted as a friend," he like a sneak and spy, was slyly active in inciting this common prostitute to further annoy and persecute Dr. Embree, and by his words, winks, nods and silence gave credence and approval to a most damnable scan-

dal.

This conduct of Dr. Thorpe is so foreign to my conception, not only of Christianity, but common decency, that I
think I ought to be excused from participating in his support. I do not
criticise those who wish to support and
endorse him, but I simply do not wish
to be counted as one of them. I know
of no man in or out of the church I
consider less worthy of the office he attempts to fill. Instinctively, I hold him

I see that you have asked the confer-

the First Church.

I see that you have asked the conference to return him to this charge, and I do not desire any relations with the church over which he presides. I therefore respectfully ask that you issue me a church letter that I may unite with some other congregation. I regret the necessity of this step exceedingly, for I like Methodists and Methodism, but I can not stand this form of it.

Very respectfully, (Signed).
